

Privacy Policy

Human Metabolome Technologies Inc. (“the Company”) collects data relating to privacy from the persons visiting the Company’s website over the Internet. The Company recognizes the importance of personal data of individuals and makes every effort to protect personal data as set forth below.

1. Collection and Use

In principle, there is no need for individual users accessing or viewing this website to provide data that could identify specific individuals and personal data such as names, addresses, and e-mail addresses (“personal data”). Personal data that make it possible to identify individuals viewing this website (“users”) is only collected when such personal data is voluntarily submitted by users visiting the website by e-mail etc. The Company only uses such personal data to reply to such inquiries in a manner appropriate to the purpose of the inquiry and will no longer retain the personal data then necessary for the purpose for which they were provided.

2. Management and Protection

When handling personal data, the Company shall, within the scope of the objectives for its use, limit the number of persons handling the data and manage data carefully so that it is not used for improper purposes at the Company. Personal data shall also be handled appropriately in accordance with the provisions of the Act on the Protection of Personal Information and other applicable rules when supplying data to contractors and third parties. Moreover, the Company shall implement reasonable security measures, both from a technological and an organizational perspective, to counter risks such as unauthorized access, or the loss, destruction, falsification or leaking of personal data.

3. Inquiries, Corrections, Deletions

When receiving a request from a user to disclose, correct, or suspend use of the user’s personal data or erase personal data held by the Company, the Company shall, having confirmed the identity of the user, respond to the request without delay and within reasonable limits. Users desiring the disclosure, etc. of personal data are kindly requested to fill out the

necessary details on forms specified by the Company, attach documentation necessary for the verification of the identity of the person making the request, and send the documents to the address below. The Company shall process the request once the Company has confirmed that the request came from the user. Please note that the user is responsible for the cost of postage and other related expenses.

- 1) Requests for disclosure → Disclosure Application Form
- 2) Requests for correction, addition, or deletion → Correction Application Form
- 3) Requests for suspension of use, elimination, or suspension of disclosure to third-parties → Suspension of Use Application Form
